Background

Start:

SolarPanels 4U was founded in 2003 by Gerald Sloan

Experience:

After several years working on Solar projects independent and in partnerships it was decided to use this experience in a larger setup and expand the organisation

Team:

In 2008 therefore a new partner joined the company :

- Keith Jolley is responsible for the Marketing
- Gerald Sloan Managing Director
- Training. Kingspan Ireland
- Training Segurd Spain.
- Training Damiant Germany.

2009 New Office in New Delhi India
Our First Master Franchisee
Geetika & Pryanker Jain.

Phylosophy

Mission Statement:

SolarPanels 4U wants to considerably contribute to the environment by delivering and installing environmetally friendly systems, which can reproduce and/or generate energy without waste of natural resources

Values:

SolarPanels 4U values the Environment, its Partnerships and Suppliers as well as Customer Service to its clients

Core Values are:

- **Quality** of Products & Services
- **Speed** of Delivery and Support
- **Achieving** of all promises and agreements

Goals:

Our goal is to reduce or eliminate costs associated with utility electric service through the design and installation of Solar Photovoltaic systems, Solar PV systems, the use of Aero-generators (Wind Turbines) and other sources of renewable energy
